I. INTRODUCTION

City of Dixon Community Facilities District No. 2003-1

A development agreement between the City of Dixon (the “City”) and Pulte Homes Corporation (the “Developer”) requires the Developer to create a funding mechanism for long-term operations and maintenance of certain storm drainage facilities, including a pump station and a portion of the improvements to the Pond A/Lateral One Detention and Conveyance facilities. At the request of the Developer, the formation of a community facilities district to fund the on-going maintenance costs of these facilities was initiated. On September 23, 2003, the Dixon City Council adopted Resolution No. 03-210 which established CFD No. 2003-1 and a successful landowner election authorized the levy of a Mello-Roos special tax on property within CFD No. 2003-1.

CFD No. 2003-1 is located in the southeastern portion of the City, bordered by South Porter Road to the east, and South First Street to the West. CFD No. 2003-1 encompasses a 212-acre site that is proposed for a residential community known as Valley Glen. The current development plan for the area within CFD No. 2003-1 includes construction of 656 residential units, 9.0 acres of multi-family units, and 3.3 acres of non-residential uses.

The Mello-Roos Community Facilities Act of 1982

The California State Legislature (the “Legislature”) approved the Mello-Roos Community Facilities Act of 1982 that provides for the levy of a special tax within a defined geographic area (i.e., a community facilities district), if such a levy is approved by two-thirds of the qualified electors in the area. Community facilities districts can generate funding for a broad range of facilities and eligible services. These services include police protection services, fire protection and suppression services, library services, recreation program services, flood and storm protection services, and maintenance of roads, parks, parkways, and open space. Special taxes can be allocated to property in any reasonable manner other than on an ad valorem basis.

II. PURPOSE OF REPORT

This CFD Tax Administration Report (the “Report”) presents findings from research and financial analysis performed by Goodwin Consulting Group, Inc. to determine the fiscal year 2017-18 special tax levy for CFD No. 2003-1. The Report is intended to provide information to interested parties regarding the current financial obligations of CFD No. 2003-1 and special taxes to be levied in fiscal year 2017-18.

The remainder of the Report is organized as follows:

- **Section III** identifies the financial obligations, in particular the Special Tax Requirement, for CFD No. 2003-1 for fiscal year 2017-18.
- **Section IV** provides a summary of the method that is used to apportion special taxes among parcels in CFD No. 2003-1. The maximum and actual special tax rates for fiscal year 2017-18 are also identified in this section.
- **Section V** provides an update of the development activity occurring within CFD No. 2003-1, including new subdivision activity.
- **Section VI** identifies the number of parcels and amount of taxes, if any, that are delinquent in payment of CFD No. 2003-1 special taxes.
- **Section VII** provides information on the reporting requirements set forth in Senate Bill 165, the Local Agency Special Tax and Bond Accountability Act.
- **Section VIII** presents information on requirements set forth in Assembly Bill 1666.

III. SPECIAL TAX REQUIREMENT

Pursuant to the Rate and Method of Apportionment (the “RMA”), which was adopted as an exhibit to the Resolution of Formation of CFD No. 2003-1, the Special Tax Requirement means the amount necessary in any fiscal year to (i) pay authorized operations and maintenance expenses, (ii) create a sinking fund for replacement of facilities, (iii) pay administrative expenses of CFD No. 2003-1, and (iv) cure any delinquencies in the payment of special taxes levied in prior fiscal years or (based on delinquencies in the payment of special taxes which have already taken place) are expected to occur in the fiscal year in which the tax will be collected. For fiscal year 2017-18, the Special Tax Requirement is based on an estimate of maintenance and replacement costs for CFD No. 2003-1 provided by the City. *(All capitalized terms are defined in the RMA which is included in Appendix D of this Report.)*

The Special Tax Requirement for fiscal year 2017-18 is \$89,967 and is calculated as follows:

**Community Facilities District No. 2003-1
Special Tax Requirement
For Fiscal Year 2017-18***

Expenses for Fiscal Year 2017-18**	\$262,439
Surplus Funds to Reduce Levy	(\$180,872)
Administrative Expenses	\$8,400
Fiscal Year 2017-18 Special Tax Requirement	\$89,967

* Total may not sum due to rounding.

** A detailed summary of maintenance services is shown in Appendix C of this Report.

IV. SPECIAL TAX LEVY

Special Tax Categories

Special taxes within CFD No. 2003-1 are levied pursuant to the methodology set forth in the RMA, which establishes various special tax categories against which the special tax can be levied each fiscal year, including the following:

- **Single Family Detached Property** is defined as all taxable property for which a final map was recorded prior to June 1 of the preceding fiscal year for which a building permit may be issued for construction of a residence that does not share a common wall with another unit.
- **Single Family Attached Property** is defined as all taxable property for which a building permit for new construction of a residential structure consisting of two or more units that share common walls and are offered as for-sale units, including condominiums, was issued prior to June 1 of the preceding fiscal year.
- **Multi-Family Property** is defined as all taxable property for which a building permit for new construction of a residential structure with multiple units that share common walls, all of which are or will be offered for rent to the general public, was issued prior to June 1 of the preceding fiscal year.
- **Non-Residential Property** means all taxable property for which a building permit for new construction of a structure was issued prior to June 1 of the preceding fiscal year for buildings other than those contained within the definition of Single Family Detached Property, Single Family Attached Property, Multi-Family Property or Undeveloped Property.
- **Undeveloped Property** is all taxable property not classified as Single Family Detached Property, Single Family Attached Property, Multi-Family Property, and Non-Residential Property.

Maximum Special Tax Rates

The maximum special tax rates applicable to each category of property in CFD No. 2003-1 are set forth in Section C of the RMA. The percentage of the maximum special tax that will be levied on each land use category in fiscal year 2017-18 is determined by the method of apportionment included in Section D of the RMA. The table on the following page identifies the maximum annual special taxes that can be levied on property in CFD No. 2003-1.

**Community Facilities District No. 2003-1
Maximum Special Tax Rates
For Fiscal Year 2017-18**

Development Status	Description	Maximum Special Tax (Fiscal Year 2017-18)*
Developed Property	<u>Single Family Detached Property</u> SFD Lots Greater than 10,000 square feet	\$424.04 per SFD Lot
Developed Property	<u>Single Family Detached Property</u> SFD Lots 7,001 to 10,000 square feet	\$352.90 per SFD Lot
Developed Property	<u>Single Family Detached Property</u> SFD Lots Less than or equal to 7,000 square feet	\$283.16 per SFD Lot
Developed Property	Single Family Attached Property	\$283.16 per Unit
Developed Property	Multi-Family Property	\$2,530.26 per Acre
Developed Property	Non-Residential Property	\$3,252.80 per Acre
Undeveloped Property	Undeveloped Property	\$1,492.48 per Acre

** On each February 1, the maximum special taxes shown in this table shall be adjusted by applying the increase, if any, in the Consumer Price Index of the San Francisco-Oakland-San Jose area, for all urban consumers, that has occurred from December of the prior fiscal year to December of the then current fiscal year.*

Apportionment of Special Taxes

The amount of special tax levied on each parcel in CFD No. 2003-1 each fiscal year will be determined by application of Section D of the RMA. Pursuant to this section, the Special Tax Requirement will be allocated as follows:

First, levy the special tax proportionally on all parcels of Developed Property up to 100% of the maximum special tax. If additional revenue is needed after the first step is completed, the special tax shall be levied proportionally on each parcel of Undeveloped Property up to 100% of the maximum special tax.

For fiscal year 2017-18, there were 472 parcels of Developed Property. Taxing all parcels of Developed Property at approximately 49.54% of their applicable maximum special tax rates for fiscal year 2017-18 will generate the Special Tax Requirement amount of \$89,967. No special tax was levied on Undeveloped Property in fiscal year 2017-18.

The actual special tax rates and the number of units and/or acres of taxable property on which those rates are levied for fiscal year 2017-18 are shown in the table below.

V. DEVELOPMENT UPDATE

Between June 1, 2016, and May 31, 2017, one new final map was recorded and no building permits for new construction were issued. As of June 1, 2017, a total of six final maps have been recorded creating a total of 470 single family detached residential lots and two building permits have been issued creating 9.15 acres of multi-family residential property in CFD No. 2003-1. Pursuant to the RMA, the single family detached residential lots are classified as Developed Property for fiscal year 2017-18 because the final maps were recorded prior to June 1, 2017, and the multi-family residential property is classified as Developed Property for fiscal year 2017-18 because a building permit for new construction of a residential structure was issued prior to June 1, 2017. Approximately 64.74 acres of Undeveloped Property remain within CFD No. 2003-1.

Based on the current status of development in CFD No. 2003-1, the following table summarizes the allocation of land uses to the special tax categories for the fiscal year 2017-18 tax levy:

VII. SENATE BILL 165 REPORTING REQUIREMENTS

On September 18, 2000, former Governor Gray Davis approved Senate Bill 165 which enacted the Local Agency Special Tax and Bond Accountability Act. In approving the bill, the Legislature declared that local agencies need to demonstrate to the voters that special taxes and bond proceeds are being spent on the facilities and services for which they were intended. To further this objective, the Legislature added Section 50075.3 to the California Government Code setting forth annual reporting requirements relative to special taxes collected by a local public agency. Pursuant to Section 50075.3, the chief fiscal officer of the City will, by January 1, 2002, and at least once a year thereafter, file a report with the City Council setting forth the information below.

Section 50075.3

Item (a): Identify the amount of special taxes that have been collected and expended.

The fiscal year 2016-17 special tax levy was \$89,076. Since CFD No. 2003-1 is on the County Teeter Plan, the full amount of the tax levy was remitted to the City. Of this amount, \$80,686 was used to pay storm drainage maintenance service, \$7,500 was used to pay for administrative costs, and \$890 was used to pay the Solano County fee for placing the special tax levies on the property tax roll.

Item (b): Identify the status of any project required or authorized to be funded by the special taxes.

The special taxes levied in CFD No. 2003-1 pay for storm drainage maintenance services, which are ongoing.

VIII. ASSEMBLY BILL 1666 REQUIREMENTS

On July 25, 2016, Governor Jerry Brown signed Assembly Bill No. 1666, adding Section 53343.2 to the California Government Code (“GC”). The bill enhances the transparency of community facilities districts by requiring that certain reports be accessible on a local agency’s web site. Pursuant to Section 53343.2, a local agency that has a web site shall, within seven months after the last day of each fiscal year of the district, display prominently on its web site the following information:

Item (a): A copy of an annual report, if requested, pursuant to GC Section 53343.1. The report required by Section 53343.1 includes CFD budgetary information for the prior fiscal year and is only prepared by a community facilities district at the request of a person who resides in or owns property in the community facilities district. If the annual report has not been requested to be prepared, then a posting to the web site would not be necessary.

Item (b): A copy of the report provided to the California Debt and Investment Advisory Commission (“CDIAC”) pursuant to GC Section 53359.5. Under Section 53359.5, local agencies must provide CDIAC with the following: (i) notice of proposed sale of bonds; (ii) annual reports on the fiscal status of bonded districts; and (iii) notice of any failure to pay debt service on bonds, or of any draw on a reserve fund to pay debt service on bonds.

Item (c): A copy of the report provided to the State Controller’s Office pursuant to GC Section 12463.2. This section refers to the parcel tax portion of a local agency’s Financial Transactions Report that is prepared for the State Controller’s Office annually. Note that school districts are not subject to the reporting required by GC Section 12463.2.

B. DATA FOR ANNUAL ADMINISTRATION OF SPECIAL TAX

Each Fiscal Year, the Administrator shall (i) categorize each Parcel of Taxable Property as Developed Property or Undeveloped Property, and (ii) assign each Parcel of Developed Property

to one of the Special Tax categories identified in Table 1 in Section C.1 below. For Single Family Attached Property, the number of Units shall be determined by referencing the condominium plan, site plan or other development plan. The square footage of SFD Lots shall be determined by reference to County Assessor's Parcel Maps; to the extent such maps do not reflect square footage of the SFD Lots, the City may determine the square footage either by reference to the lot size summary provided by the engineering firm that produced the Final Map or by calculating the lot sizes based on the dimensions shown on the Assessor's Parcel Map. If, in any Fiscal Year, an Assessor's Parcel includes both Developed Property and Undeveloped Property, the Administrator shall determine the Acreage associated with the Developed Property, subtract this Acreage from the total Acreage of the Assessor's Parcel, and use the remaining Acreage to calculate the Special Tax that will apply to Undeveloped Property within the Assessor's Parcel.

Each Fiscal Year, the Administrator shall also determine the Special Tax Requirement for the Fiscal Year and shall identify that portion of the Special Tax Requirement that will be deposited into a sinking fund to pay for future repairs to, or replacement of, facilities that are being maintained from proceeds of Special Taxes collected within the CFD. After Special Tax revenues have been received from the County in each Fiscal Year, the Administrator shall ensure that the amount collected for facility repair and replacement is deposited into the sinking fund established for such purpose.

C. MAXIMUM SPECIAL TAX

1. Developed Property

The following Maximum Special Taxes shall apply to all Parcels of Developed Property within CFD No. 2003-1 for each Fiscal Year in which the Special Tax is collected:

TABLE 1 Developed Property Maximum Special Tax (Fiscal Year 2003-04)*	
Special Tax Category	Maximum Special Tax (Fiscal Year 2003-04)*
<u>Single Family Detached Property</u> SFD Lots greater than 10,000 square feet	\$304 per SFD Lot
<u>Single Family Detached Property</u> SFD Lots 7,001 to 10,000 square feet	\$253 per SFD Lot
<u>Single Family Detached Property</u> SFD Lots less than or equal to 7,000 square feet	\$203 per SFD Lot
Single Family Attached Property	\$203 per Unit
Multi-Family Property	\$1,814 per Acre
Non-Residential Property	\$2,332 per Acre

** Beginning February 2004 and each February thereafter, the Maximum Special Taxes shown in Table 1 above shall be adjusted by applying the increase, if any, in the Index that has occurred from December of the prior Fiscal Year to December of the then-current Fiscal Year. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1, without additional action by the City Council.*

Once a Special Tax has been levied and collected on a Parcel of Developed Property, the Maximum Special Tax applicable to that Parcel shall not be reduced in future Fiscal Years regardless of changes in land use on the Parcel. Notwithstanding the foregoing, the actual Special Tax levied on a Parcel of Developed Property in any Fiscal Year may be less than the Maximum Special Tax if a lower Special Tax is calculated pursuant to Step 1 in Section D below.

2. *Undeveloped Property*

The Maximum Special Tax for Parcels of Undeveloped Property in Fiscal Year 2003-04 is \$1,070 per Acre. Beginning February 2004 and each February thereafter, the Maximum Special Tax on Undeveloped Property shall be adjusted by applying the increase, if any, in the Index that has occurred from December of the prior Fiscal Year to December of the then-current Fiscal Year. Each annual adjustment of the Maximum Special Tax shall become effective on the subsequent July 1, without additional action by the City Council.

D. METHOD OF LEVY AND COLLECTION OF THE SPECIAL TAX

Commencing Fiscal Year 2004-05 and for each following Fiscal Year, the Administrator shall determine the Special Tax Requirement to be collected in that Fiscal Year. The Special Tax shall then be levied according to the following steps:

Step 1: The Special Tax shall be levied Proportionately on each parcel of Developed Property up to 100% of the Maximum Special Tax for each Special Tax category for such Fiscal Year determined pursuant to Section C.1 above.

Step 2: If additional revenue is needed after applying Step 1, the Special Tax shall be levied Proportionately on each Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property determined pursuant to Section C.2 above.

E. LIMITATIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Tax shall be levied on land that has been conveyed to a Public Agency, except as otherwise provided in Sections 53317.3 and 53317.5 of the Act.

F. INTERPRETATION OF SPECIAL TAX FORMULA

The City reserves the right to make minor administrative and technical changes to this document that do not materially affect the rate and method of apportioning Special Taxes. In addition, the interpretation and application of any section of this document shall be left to the City's discretion. Interpretations may be made by the City by ordinance or resolution for purposes of clarifying any vagueness or ambiguity in this Rate and Method of Apportionment.
