

Construction Permit Application Fire Alarm and Detection Systems and Related Equipment 105.7.7

A construction permit is required for installation of or modification to fire alarm and detection systems and related equipment. Maintenance performed in accordance with this code is not considered to be a modification and does not require a construction permit.

Fees can be paid with VISA/Mastercard, cash, or check made payable to the "City of Dixon". Fees are required to be paid prior to plan review being started. Approximate time for plan review is two weeks after fees have been paid. **INCOMPLETE SUBMITTAL FORMS WILL BE REJECTED. Two or more sets of plans are required upon submittal. Cut sheets and calculations are required for fire alarm and sprinkler systems.** If submitting more than one set of plans with the same following information, you may use the same application. Please list each address and fill in the correct quantity.
